TERMS AND CONSENT TO USE OF ELECTROMEDICAL EQUIPMENT SUPPLIED TO YOU

1. The electromedical equipment is an advancement of other existing electromedical (electrotherapy) equipment intended for similar therapeutic purposes available anywhere in the world. The electromedical equipment is the first of its kind in the world, and has Patent Pending status within Australia.
2. The electromedical equipment given for hire is not yet registered nor listed with the Australian Government Therapeutics Goods Administration (TGA) as approved medical devices.
3. The electromedical equipment is notified onto the New Zealand Government Medsafe database of medical devices, as Class IIb and Class III medical devices.
4. Due to the far more restrictive Australian Government TGA regulations, we have not been able to apply for registration or listing of the electromedical equipment with the Australian TGA.
5. Given this current situation, the electromedical equipment supplied to you within Australia, is supplied for research and experimental purposes only.
6. Any details explained to you about operation and/or known or possible effects of the electromedical equipment given for hire for your use at home, is given to you for your informational purposes only.
7. By using the electromedical equipment you are confirming that you have read and understand, have asked any questions that you might have about the electromedical equipment, and consent and agree to these terms of use of the electromedical equipment:

I, [PRINT NAME:]., hereby confirm that I have read and understood and consent and agree to the above information and terms of use concerning the electromedical equipment:
